

C530 INDOOR CYCLE

The C530 has a stylish rear flywheel design with a self-powered, zero-friction magnetic braking system and whisper quiet poly-v belt for smooth reliable operation. The oversized LCD display shows multiple data metrics and features a built-in LED light that changes color with increasing intensity, based on watts produced.

KEY FEATURES

- Permanent magnetic braking system
- 32 levels of resistance
- 30.8-pound flywheel with 1:5 gear ratio provides a more natural riding experience
- 5-colored LED light on the console changes color based on watts, giving user and instructor visual feedback on workout intensity
- HRC Heart Rate receiver

TECHNICAL DETAILS
